SUMMONS.

IN THE DISTRICT COURT OF THE STATE of Nevada, in and for the county of Washoe. The State of Nevada, ss. to Archibald Gibson GAZETTE: You are hereby required to appear in an action commenced against you as defendant by A. E. Gibson, as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons, exclusive of the day of service; if served in said county, or twenty days if served out of said county but within said district; and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover the bonus of matrimony heretofore and now existing between you and this plaintiff, upon the grounds of desertion and failure to provide plaintiff the common necessities of life, though abundantly able to do so, all of which will more fully appear in the complaint which is on file in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred. And you are further notified, that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereunto set my hand and affixed the seal of said Court this 23d day of March, A. D. 1890.
T. V. JULIEN,
Clerk of the District Court of the State of Nevada, in and for the county of Washoe.

SUMMONS.

IN THE DISTRICT COURT OF THE STATE of Nevada, in and for the County of Washoe. The State of Nevada, ss. to Vincenzo Alberti, defendant, greeting: You are required to appear in an action commenced against you as defendant by Marie Alberti, as plaintiff, in the District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein within ten days after the service on you of this summons, exclusive of the day of service; if served in said county, or twenty days if served out of said county, but within said district; and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover the judgment and decrees of the said Court dissolving the bonds of matrimony now existing between you and said plaintiff, on the grounds of extreme cruelty on your part toward her, practiced by you since the marriage between you and said Marie Alberti, all of which will more fully appear from the complaint which is on file in the office of the clerk of said court at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereunto set my hand this 16th day of February, A. D. 1890.
R. H. LINDSAY,
Attorney for Plaintiff.

TESTIMONY FOR HIGH LICENSE.

At the last meeting of the Law and Order society of Philadelphia some very interesting facts were presented, showing the effect of high and restrictive license in reducing drunkenness in that city. Figures were given of commitments to the county prison for drunkenness during periods of nine months in the last three years. High license went into effect in Pennsylvania June 1, 1888, so that the comparisons are for parts of two years under this policy and of the year before it was instituted. The showing is very strong testimony in favor of the policy.

The records show that under the old low license system the commitments for intoxication during nine months, from June, 1887, to March, 1888, numbered over thirteen thousand, while for like periods in the next two years the total of commitments was very little over fourteen thousand. That is, while under low license and practically unrestricted traffic the monthly average of commitments for intoxication was nearly fifteen hundred, under high license this average has been less than eight hundred. It is necessary in order to obtain the full value of this comparison to consider that there has been some increase in the population of Philadelphia since high license went into effect. The testimony of the police magistrates and judges is uniformly that there has been a marked change for the better, and this is the judgment of all who have carefully observed the difference between the convivial customs of the community under present and former conditions. It is admitted that the high license system is still capable of improvement and has not yet successfully passed all the stages of a thorough trial, but this admission only serves to render more significant the good results that have come from it. There are many places in the city where liquor is sold clandestinely, just as there are in all the cities of prohibition States, but the Philadelphia Press says that in spite of these leaks the evidence is conclusive that with high license the city enjoys a decrease of more than one-half in drunkenness, disorder, Sabbath-breaking and crime.

BUSINESS.

The Greenville Bulletin has this to say on the annexation subject:

The Nevada State Board of Trade are inviting this valley and all that part of the State east of the snow summit to co-operate with their Board. Our interests are far more in that direction than they are with our own State Board. We see no reason why this part of the State should not co-operate with them. People who are wise are always willing to join hands with their neighbors, if their common welfare is in the same channel. Our Board of Supervisors are invited by the N. S. B. to use their influence in favor of co-operation. The interests of our people and especially this valley are identical with every commercial interest of the State of Nevada. So far as we can do so, we shall encourage the co-operation of this section with that of Nevada. Boards of Trade encourage development of resources, give information to those seeking investments, collect information concerning resources, discuss the general good, encourage new industries, and are an intelligent nucleus for all commercial affairs. It costs \$5 per year for membership in the Nevada Board. This community, or the entire valley, should organize an auxiliary Board and send two or three delegates to that Board; their membership dues and all necessary expenses, and be paid by the local Board.

We feel and know that much good can be accomplished in so doing.

We shall bring it before the Sierra Valley Stock and Agricultural Association at the annual meeting to be held on the 2d of April next. The Board of Supervisors at their April session in this county, Plumas, Lassen and Modoc should take some action, to at least encourage the movement, at the request of the Nevada State Board of Trade. The exchanging of ideas in Boards of Trade, if they are in good faith, are valuable. The person who was prime mover in organizing the Nevada State Board of Trade more than likely, had an "ax to grind," but the matter much good can be done to the people by the organization and it is wholly in the hands of the people to use it for good, whether the ax is good or not. This is not the first time a good thing originated in it may be selfish motives. Boards of Trade are associations organized all over this country, and are a source of great good to the people, and we believe the Nevada State Board will be of much service to Nevada and to all of California lying East of the summit part of the mountains, as the outlet for that of our State is principally through Nevada. The outlet to our lakes and rivers are principally into Nevada and a plentiful water supply in dry seasons, for this entire valley as well as Long valley, can be had only by co-operations with the people of Nevada, and we know it is for the best interest of the people of this valley and Long valley to take immediate action for co-operation, if for no other reason excepting the irrigation advantages to be gained. Water stored in lakes, Webster and Independence, or along the Little Truckee river, can be turned into this valley through an already completed ditch, if we can co-operate with the people who control the water in the State of Nevada.

The veil now being lifted from the army and navy in the several court martials through the country discloses a condition that may well occasion alarm. The arrogance and brutality among the officers, the demoralization among the enlisted and the general lack of discipline can be laid to the soldiers' worst enemies, grog and gambling. The evil has assumed the proportion of a public scandal and the authorities at Washington can do the rank and file no better service than to institute a rigid inquiry and enforce strict discipline in all branches of the service.

Wyoming will be No. 43.

Whisky Smugglers Drowned—San Francisco Breweries Sold to The Syndicate.

The San Francisco Breweries Sold.

SAN FRANCISCO, March 27.—The Alta California will say to-morrow that the negotiations which have been pending for the past year looking to the sale of certain local breweries to an English syndicate have reached a stage that agreements have been entered into by the Philadelphia brewery and the owners of the United States brewery to sell their property or a controlling interest to Edward Fitzmaurice Lennon, of London. The sale of the United States brewery was consummated to-day, when the purchase money was paid. The full purchase price is understood to be about \$450,000. The Philadelphia brewery is contracted to be sold to Lennon, as the representative of the syndicate, on the first day of August next, the price named in the bond being \$2,650,000, Lennon agreeing to pay \$1,650,000 on that date, \$1,000,000 in bonds representing a blanket mortgage on the establishment. As a one-tenth interest in the property belongs to a minor heir the property cannot be sold without an order from the Probate Court, which will take about sixty days, the proprietors of the brewery agreeing to obtain the order. The Wislowskis will retain at least a one-third interest in the new corporation and remain at the head of affairs. There will be little outward change in the management of any of the breweries. Each will continue to be a corporation doing business on its own account, consequently the sale does not mean the formation of a beer trust. It is also stated that Mr. Dericks, of the Fredericksburg brewery, has agreed to sell that property when the other deals are consummated.

Whisky Smugglers Drowned.

PORT TOWNSEND, March 27.—A Jonean, Alaska, special via. Port Townsend says John Ackerson, of Wyoming, W. H. Bennett, of Salt Lake, Frank Muzzy, of Montana, and John Mitchell, of San Francisco, perished in treacherous Takon Inlet, over which they tried to sail in two boats. The bodies of the first two men were found floating along the Admiralty; the bodies of the last two have not been found, but their fate is known by the wreck of their boat in the vicinity of the former. The men were whisky smugglers and had \$4,000 worth of whisky in their boats when they were wrecked by the storm.

The Rock of Safety.

WASHINGTON, March 27.—The President gave a special reception this afternoon to the delegates to the convention of the American Association for the education of colored youth, now in session. In response to an address the President said: "I have a firm belief that the rock of our safety as a nation lies in proper education."

His Game Ended.

MARTINEZ, Cal., March 27.—The body of the man run over by a train at San Pablo Saturday and buried Monday, without identification, was exhumed to-day and identified as that of R. O. Mayor, otherwise known as Ludwig Von Romseyer, who, under the title of the International Bureau for Private Transactions carried on a correspondence with certain of the German nobility, offering to furnish them for a compensation with rich American women for wives.

Dishonest Salesman.

PORTLAND, March 27.—It is reported William Wadham & Co., wholesale grocers, have been swindled out of about \$5,000 during the past year by their head salesman, Geo. T. Johnson. Johnson would make a cash sale, receipt for the money, and after the order had been filled, would secure the salesman's blank and porter's duplicate of it and destroy them. It is understood Johnson has turned all his property over to the Wadhams.

A Fire Girl.

SAN FRANCISCO, March 27.—A young girl named Ida Olsen, employed as a domestic at a house on Golden Gate avenue, was arrested by the Fire Marshal to-day. Four fires have occurred since Saturday night last in the house where the girl lived and those adjoining, but little damage was done as the department distinguished the flames. The girl confessed to-day that she had started the fires and said she wanted to see a blaze.

The Highbinder.

SAN FRANCISCO, March 27.—Geo. Ah Wy, the Chinaman shot Monday night, died this afternoon at the hospital. He was the friend of Lee Chuck, and Little Pete. Hoy Jing and Chung Chuck, who are charged with the murder, belong to the faction, of which Yea Yuen, whom Lee Chuck killed, was the leader. The old warfare was recommenced after the sentence of Lee Chuck Saturday, and more bloodshed is feared.

A Mining Accident.

GRASS VALLEY, Cal., March 25.—This morning, at the Hartley mine, Charles Maddrell fell a distance of twenty feet and was badly hurt. The platform on which the car track rested at the dump slide gave way and Maddrell and a loaded car went down together. His face was broken and bruised, and his left arm broken.

Opposed to the Windom Bill.

WASHINGTON, March 27.—Bland, of Missouri, and Williams, of Illinois, from the Committee on Coinage submitted to the House a minority report in opposition to the Windom silver bill, saying the bill was very adversely drawn to suspend silver coinage and permanently establish single standard gold payments.

Rah for Bismarck.

SAN FRANCISCO, March 27.—The German residents of San Francisco, led by the California Democrat, are forming a subscription list to purchase a substantial testimonial to Bismarck, for his long and faithful services to the German Empire.

Enbank's Day.

SAN JOSE, March 27.—The date of the execution of James Enbanks, who murdered his daughter at Los Gatos, because she refused to give him her earnings as a domestic, was to-day set for May 5th.

Truckee Votes all Night.

TRUCKEE, March 27.—Truckee voted a third tax for a new school house to-day two houses having been burned. The vote stood one hundred and eleven yes, sixteen noes.

To Locate in Salt Lake.

The Virginia Chronicle says: The announcement that Col. M. N. Stone, the distinguished local attorney, is about to change his residence to Salt Lake City, is received with regret, not only by local members of the legal profession, of which he has for years been one of the highest ornaments, but by every resident of the Comstock who has had the pleasure of his acquaintance; and the Colonel will take with him their best wishes for his future prosperity. Colonel Stone will be associated with Wm. Dickson in the practice of law at the Mormon capital.

The amendments made to the Windom bill make it very satisfactory to Senators Jones, Stewart, Teller, Beck, Allison, and other silver Senators, and will therefore probably become a law. It is a long stride in the right direction.

Silas B. Smith, of Bodie, went below last night.

THE WICKED FLEA.

How He Bites and Makes Miserable the European Traveler.

Almost everybody likes to travel for the purpose of seeing new and strange sights. At least almost every person thinks he would like to visit those who have never seen him. He does not know whether he would like it or not until he has tried it.

Almost everybody I meet would like to go to Europe, and this is especially true of young people. The imagination works up a very lively programme, which is filled up with the alleged pleasures. No allowance is made for any misadventures, none for great fatigue, none for the lack of accustomed comforts and luxuries, none for unexpected set backs and difficulties.

The average small boy or girl would say that he preferred three meals a day for a week of very sweet cake to the same number of roasts of oatmeal porridge; but he would change his mind before the week was out. When I went out to sea in the country around Constantinople a big flock of quails was always flying ahead of the carriage, and the Palace of the Sweet Waters seemed to be in a cloud of these birds. At the hotel it was quail at every meal till I hated the sight of them; and since that I have never cared to eat them.

I do not intend to give a list of the annoyances one encounters in foreign travel. It may seem incredible to my young friends that so insignificant an insect as the wicked flea can seriously interfere with so grand an achievement as a tour abroad. I do not imagine that I have suffered more than the average traveler in Spain, Italy and some other countries, though my skin may be thinner than that of most of them; but I look upon the flea as I have seen him magnified on a white surface by the lenses of the scientist.

To me he is bigger than an elephant, and it seems as though the bite of a crocodile would be pleasant compared with that of the blood-thirsty insect. This monster has not only kept me awake all night when I needed sleep, but he has made me writhe and squirm all day. I really believe the flea in Italy and Spain are more to be dreaded than the banditti of those countries.

Spain and Italy are not alone in subjecting the traveler to the torments of the wicked flea. Even in the far north, where ice and snow dominate the year, the festive flea has a residence. One night I went to bed, tired out after a hard day's work, sight seeing, in a hotel in Christiania, in Norway. I soon found that I could not go to sleep, sleep as I was. I thought I had an attack of hives or rash, or that I had captured the itch in some steamer or hotel.

I lay in torment till I heard a clock strike the midnight hour. Then I became desperate and leaped from the bed. I lighted my two candles, determined to ascertain what the matter was. I could find nothing on my skin that looked like scabies, and then with a candle in each hand I examined the bed. It was lying with a very large sized, black flea! and I had learned by experience that this sort was particularly vicious. I took my corn broom and brushed them out of the bed and tried again to sleep, expecting to have my bones picked clean before morning, though I was to be called at 5 to take a steamer. I struggled in vain for another hour, and then got up again. I brushed the monsters all out again, and this time I was careful that no part of the bed clothes should drop down to the floor. This succeeded. At any rate, I was so exhausted that I fell into a deep sleep.

I was called in two hours; and in what condition was I to appreciate the scenery of the Christiania fjord! As soon as the steamer was in the Skager Rack I went to sleep. That night I had my battle and defeat at the teeth of the red armored knights of my berth in a hut.

In Holland one night I was bitten one million times by another kind of flea, hardly less wicked. I did not count them, but I estimated them. Walking through the Circus of Maxentius, in Rome, I smelled pennyroyal. I had heard that this herb was an antidote for the wicked flea, as it is for black flies and mosquitoes. I gathered a considerable quantity of it; but I did not actually suffer from the depredations of the terrible monster in Italy.

In Burgos, in Spain, after looking over the magnificent cathedral and gazing at the bones of the Cid and his wife, our party of three took a carriage at the hotel to visit the tomb of the Cid, six or seven miles from the city. The vehicle was a tumble down old hack. A kind of cloth with a nap to it had been used to piece out the worn out lining. I wore long boots, and in a few minutes the armies of the wicked flea began to attack me by making an advance on my legs.

There was no road to the convent that contains the tomb, and the old carriage bounced over rocks, sometimes a foot high, and we were pitched from one side to the other of the interior and into the laps of each other. We laughed at the bumps we got and should have had a lively time of it if the fleas had not spoiled all the fun. We writhed and squirmed as though we were bitten by snakes. In spite of his prowess and the supernatural aid he received in his mighty victories, I doubt if the Cid Campeador could have conquered the army that beset our party.

Twisting about and protruding like a French dancing master, I looked at the tomb, but I did not take much interest in it. At the hotel I brushed the fleas out of the inside of my clothes and applied cologne to the skin, and it was very refreshing. Then I put an abundance of pennyroyal in my garments. I was all right till I took in a new stock in Madrid. They worried and tortured my companions and myself beyond endurance. I obtained a bottle of flea powder at the capital, which was of some service, but I still regard the wicked flea as one of the scourges of travel—Oliver Optic in Philadelphia Times.

A Burning Question.

I am curious to know what it is that makes a painting by one artist worth \$10,000, and a painting by another, though equally good, perhaps even better, worth but \$10. I saw some pictures recently by a painter who can just keep his head above water, which are as well painted as are the canvases of many artists who are on the topmost wave of popularity. Perhaps you will say they lack the sacred fire. On the contrary, they possess it to a greater degree than some of their more fortunate fellow craftsmen. And yet they will lie in unknown graves while the others have lofty monuments reared above their heads. I wonder what makes the difference. Sometimes I think it is enterprise, industry and tact—merely commercial qualities, that have nothing to do with the intrinsic merit of a work of art.—The Critic.

Some Curious Chinese Slang.

Some of the ordinary expressions of the Chinese are very sarcastic and characteristic. A blustering, harmless fellow they call a "paper tiger." When a man values himself overmuch they compare him to "a rat falling into a scale and weighing itself." Overdoing a thing they call "a lurchback kicking a horn." A spendthrift they compare to a rocket which goes off at once. Those who expend their charity on remote objects, but neglect their family, are said to "hang a lantern on a rope, which is seen afar but gives no light below."—Boston Herald.

Help for The Poor.

The Eureka Sentinel comments as follows: Senator Stewart has introduced a bill to give the Central Pacific Railroad Company fifteen millions of dollars of Government money, under certain contingencies, to dig a tunnel through the Sierra Nevada Mountains. In an interview he said he wanted his people to have some of the benefits accruing from the settlement of the great railroad, and that the bill was not very clear to the ordinary understanding. If he meant the people of Nevada we do not see exactly where they come in, but if he had reference to the railroad people his remarks are not quite so obscure. Perhaps he argues that by lessening the grade over the mountains the railroad can afford to haul Nevada freights a cent or two a ton cheaper than now. This is a little remote, but we shall all be thankful for even small favors. Besides there is nothing like doing a thing in the name of the people. Christ was crucified in that way and liberty has frequently gone down in the same manner. There is quite a feeling among some plain people of Nevada, however, that the Senator is merely "delivering the goods" as per anti-sedition contract. It is not our desire to give too great weight to this sentiment, and hence we say, perish the thought.

The House yesterday passed the bill for the admission of Wyoming. So the Union will soon have another State. The country is growing.

MISCELLANEOUS.

Be Sure

If you have made up your mind to try Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:

To Get

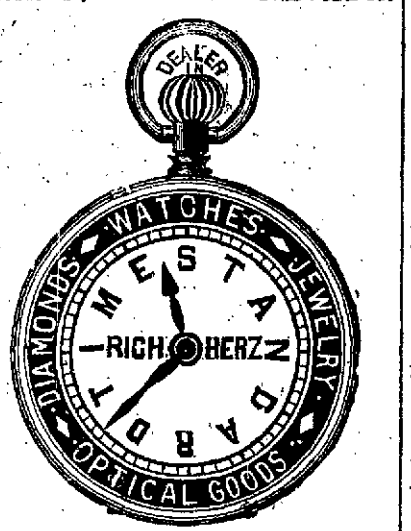

"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me to buy their own instead of Hood's; he told me their's would last longer; that I might take it on ten days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was. I had taken it, was satisfied with it, and did not want any other."

Hood's

When I began taking Hood's Sarsaparilla I was feeling real miserable, suffering a great deal with dyspepsia, and so weak that at times I could hardly stand. I looked, and had for some time, like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it." Mrs. ELIZA A. GORR, 61 Terrace Street, Boston.

BREVITIES.

Spring is here, and March is going out like a lamb.

Edward Billoy has been appointed Postmaster at Elko.

S. J. Hodgkinson has all kinds of field and flower seeds.

Go to the Guard inspection and social to-morrow evening.

Senator Emmitt is suffering with a severe attack of neuralgia.

Chas. A. Jones has gone to the Bay on legal business intent.

The Virginia and Truckee train was half an hour late last night.

Mining stocks are becoming lively. Is the Spring rise at hand?

Ben Hunter has hedge cuttings for all who desire them. Call at once.

Col. M. N. Stone, of Virginia, was a passenger for the Bay last night.

Nashby will take charge of the Postoffice at the close of business on Monday.

U. S. Marshal Moore is in town summoning jurors for the U. S. District Court.

T. R. Hofer, Chief Clerk and acting Supt. of the Carson Mint, was in town last evening.

H. M. Gorham, of Gold Hill, and P. J. Danne, of Virginia, are rustivating at the Bay.

Geo. Avery is out again, having nearly recovered from a severe attack of rheumatism.

Mrs. Jennie Lewis who has been residing in California the past Fall and Winter, has returned to Reno.

C. H. Markham, the S. P. agent, went below last night to bring his family up to their new Reno home.

Miss Leota Baynosa departed for Oakland last night, where she has secured a desirable clerical position.

E. V. Spencer, who has been spending the Winter at the Bay, came up yesterday morning on his way home to Susanville.

The Bostonians open at Salt Lake next Monday night, Miss Flora Finlayson, the young Scholastic, with the troupe.

They will all pass through Reno on the night of April 5th, and open at the Baldwin on Monday night, the 7th.

Constable Upson yesterday went down to the Reduction Works dam, and cleaned the fish ladder in good shape, so the members of the fishy tribe can now come up town and see the sights. He took off the top, and cleaned out the bark and drift wood, and made it as good as new.

Notwithstanding a fifty-cent assessment was levied by the Potot Mining Company yesterday the price of that stock shows an advance of \$1 above Wednesday's highest quotation and \$1.65 above the lowest on the 2:30 board. A bet was made in Virginia yesterday that Potot shares will be quoted at \$10 before the close of the week.

One of the unique features of Cleveland's magnificent minstrels will be the rendering of Japanese instrumental and vocal music by four of the twenty-five artist accompanists who constitute a part of that organization. Denkioki Takasawa, the performer of national reputation in Japan on the "sako" or Japanese banjo, says that he marvels much at the lack of "real musical culture" in a country otherwise so far advanced as America and voices substantially the words of the Japanese Wagner to Miss Isabella Bird, the famous traveler: "Children, coolies and women may find pleasure in European music, but an educated Japanese can never tolerate it."

Minstrels Coming.

The renowned Cleveland-Haverly Minstrels will be the next attraction. They are booked to appear at the Opera House on Thursday evening next. Whenever this combination happens along this way crowded houses are the rule, and this occasion will be no exception. The inimitable Billy Sweetnam and Bill Rice are the leading comedians. There are forty-six in the troupe, including the celebrated Japanese acrobats and jugglers and a new quartette of singers. Owing to heavy expense in bringing such a troupe to Nevada, an extra charge of twenty-five cents will be charged for reserved seats.

A Good Suggestion.

The JOURNAL fully concurs with the annexed suggestion of its cotem:

Miss Flora Finlayson is with the Bostonians and will shortly appear at the Baldwin. It has been suggested that all Nevada people who are in the city the first night should show their appreciation of Reno's sweet singer by engaging seats together and presenting the young lady with some token of their esteem. The idea is a good one and should be carried out.

Box Sheet Open.

The box sheet for the engagement of Cleveland's Minstrel Company to appear at the Opera House on next Thursday evening, is now open, and there is sure to be a jam to witness the entertainment provided by the world's greatest minstrel combination; no time should be lost in securing reserved seats from Nashby.

Death of J. A. Brumsey.

J. A. Brumsey, formerly an insurance agent of Virginia City, died in Marshall county, Illinois, on the 25th. He served Storey county in the Senate from 1879 to 1883. His wife is at present a resident of Carson City.

THE GRAND JURY REPORT.

A Healthy Condition of Affairs in all Departments of the County Government.

The Grand Jury has made the following report:

To the Hon. R. R. Bigelow, Judge of the District Court of the State of Nevada, in and for Washoe County: The Grand Jury impaneled January 6, A. D. 1890, for final report, most respectfully represent that, in addition to the report heretofore made, they have examined into two offenses committed since they were last in session, and herewith return two indictments; that the committee appointed to examine the books and business connected with the several officers of the county, have made their report, which has been approved by the Grand Jury, and which is hereto attached and made part of the report; that there being no other duties to perform, they most respectfully ask to be discharged.

Reno, Nevada, March 26, 1890.

R. H. KINNEY,

Foreman of Grand Jury.

Wm. A. COBB, Clerk of Grand Jury.

To R. H. Kinney, Foreman Grand Jury:

We, your committee, appointed to examine the books and accounts of the county officials, beg leave to report that we have carefully examined the books in the Sheriff's and Clerk's office and append herewith the tabulated statement drawn up by Treasurer Boyd, showing the receipts and expenditures in all branches of county business during the past year.

We are pleased to report that the books and accounts of the Sheriff are kept in a systematic manner and the receipts from the Auditor and Treasurer each month are sufficient vouchers that the duties of the office are faithfully and honestly performed and all monies received for licenses, fees and from other sources are paid into the Treasury as required by law each and every month.

We cannot but approve of Clerk Julian's method of performing the duties of his office. His accounts are accurately kept and we can find no deviation from the spirit and letter of the law in any entry made in the books of his office during the past year.

We have, so far as the limit of time would permit, carefully examined all the bills passed upon and allowed by the Board of County Commissioners and have taken special pains to look into all the details shown by the records as acted upon by the Board during the past twelve months.

We were actuated in this examination by a desire to be fair both to the people and the Commissioners, inasmuch as the expenses for the year have been unusually heavy, especially in the corporation of Reno, and there appears to be an opinion prevalent among many of our taxpayers that in town affairs at least, economy has not been practiced as it should be in expending the people's money. It is, perhaps, quite possible that township matters could have been less expensively conducted and the same results attained, but when we consider the material required and the amount of work necessary in providing the town with a good system of sewerage, in addition to the regular routine of other business, it is not strange that some mistakes have been made. Taking the business for the year in the aggregate, we believe the Commissioners have endeavored to be faithful to the trust reposed in them.

The accompanying statement will show how and for what purpose the county funds have been expended, all of which is respectfully submitted.

THE PALACE BACK ROOM.

Judge Bigelow Holds That An Alleyway is a Public Highway and Not to be Obstructed.

Judge Bigelow filed his findings in the case of Mary A. Johnson against Albert White yesterday. Last Summer Mr. White built an addition to the Palace Hotel, extending over the alley in the rear. Mrs. Johnson brought an action to have the addition declared a nuisance and to have it removed, and for damages. The Court held that the alley is a highway and that the building over it constitutes an illegal obstruction, and as a conclusion of law held that the plaintiff was entitled to a judgment for \$25 50, and that the building be abated.

The U. P. Through Nevada.

Engineer McCartney, in charge of the Union Pacific construction work south and west of Ogden, is at Los Angeles. He reports 2,000 men at work on the line between Milford and Pioche, and thinks trains will be running into Pioche by December 1st.

Four surveying parties are at work hunting the best route for a line from Pioche to California, but no building south of Pioche will be done this year. One survey west from Pioche is through White Pine, Eureka, and Beckwith Pass, and another, running south, taps the A. & P. line at Ludlow.

J. A. Kennedy, of Carson, sold a lot he purchased in Powning's Addition, Reno, two years ago for \$400 to D. McKissick the other day for \$600. Pretty good turn—Carson Tribune.

Many others have made just as good turns. In fact any person who ever bought a lot in Powning's Addition can sell at an advance. That part of Reno is becoming more valuable every day.

The Grand Jury report should be read by every taxpayer, whose bounden duty it should be to keep posted on county affairs. Every taxpayer is interested in having good government at the lowest possible price.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-sw-ly

WHAT ON ARTH.

In the reason people will not, can not or do not see any difference in cheap nostrums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as DR. J. C. BLOOD PURIFIER AND BLOOD MAKER, and every bottle that does not do it will cost you nothing.

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue—Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet wide. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno. Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.
